

What You Need To Know!

This is a summary of formula changes for May 28, 2013. The middle column indicates what must happen for each existing participant food prescription. Please use the Crystal Report “Extra Formula – Redistribution List” to assist with finding participants who have the old formula on their current food prescriptions. The report has been modified so that you can pull up participants that are in your agency or all agencies. Instructions for using the new parameter in the report are in the description of the report on Crystal.
